

Accurate Plating & Weaponry, Inc.

SCOPE DECORATING LIABILITY WAIVER FORM

I acknowledge that by allowing Accurate Plating & Weaponry to decorate my scope, I understand that flooding may occur and I do not hold Accurate Plating & Weaponry responsible for any damage related to the submerging of the scope in water.

I acknowledge that a representative from Accurate Plating & Weaponry has explained the procedure for decoration and I am willingly allowing this process to take place even though my scope may be damaged.

I understand that scope manufacturers that make claims related to water-proof or water-resistant scopes may not have indicated a total submersion of the product in water as covered under any said claim. I understand that if damage occurs, the manufacturer may void the warranty.

I give Accurate Plating & Weaponry permission to decorate my scope and fully understand the risks involved.
